

Action taken on Feedback (2023-24)

Report: Effective Actions Taken Based on Student Feedback on Curriculum (2023-24)

Actions Taken

1. Enhancement of Course Content and Examples

- **Feedback Insight:** While a majority of students were satisfied with the content, some highlighted the need for more examples and practical illustrations.
- **Action Taken:** Departments across Arts, Commerce, and Science have incorporated real-world examples, case studies, and practical scenarios into lectures and assignments. Workshops and interactive sessions have been organized to demonstrate theoretical concepts practically.

2. Updating Reference Materials

- **Feedback Insight:** Students expressed a need for a broader range of reference books and resources.
- **Action Taken:** The college library has been updated with new editions of textbooks and supplementary materials recommended by subject experts. Access to online resources, including journals and e-books, has been expanded.

3. Systematic Curriculum Review

- **Feedback Insight:** The systematic structure of the syllabus was appreciated, but periodic updates were suggested.
- **Action Taken:** The Academic Council has initiated an annual syllabus review process in collaboration with faculty members and industry experts. This ensures that the curriculum remains relevant and up-to-date.

4. Aligning Curriculum with Employer Preferences

- **Feedback Insight:** Students acknowledged the relevance of the syllabus to contemporary employer needs but emphasized the importance of staying current with market trends.
- **Action Taken:** The Placement Cell has partnered with industry professionals to align courses with job market demands. Guest lectures and career-oriented webinars are now integral to the academic calendar.

5. Sustaining Interest in Subjects

- **Feedback Insight:** While most students found the curriculum engaging, some suggested incorporating more innovative teaching methods.
- **Action Taken:** Faculty members have adopted modern teaching techniques, such as flipped classrooms, multimedia aids, and group discussions, to make learning more interactive and engaging.

6. Effective Time Management

- **Feedback Insight:** Students were generally satisfied with the time allotted for syllabus completion but requested support in managing their studies effectively.
- **Action Taken:** Time management workshops and study skill sessions have been conducted for students. Faculty members also ensure timely completion of syllabi with adequate revision periods.

7. Curriculum Relevance to Contemporary Needs

- **Feedback Insight:** The syllabus was deemed relevant, but continuous alignment with emerging fields was suggested.
- **Action Taken:** The college has introduced elective courses and certificate programs in trending areas such as digital marketing, data analysis, and environmental studies. These courses are designed to provide students with additional skills and competencies.

Conclusion

M.G.V's Arts, Commerce & Science College remains committed to delivering a high-quality education tailored to the needs of its students. By acting on the feedback received, the college has demonstrated its dedication to continuous improvement and ensuring that its students are well-prepared for academic and professional success. These actions reflect the institution's proactive approach and its vision to foster holistic development.
